COVID-19 Fall 2020 Policies

The National Executive Board of Alpha Psi Lambda National, Inc. recognizes that the current environment is difficult to conduct Fraternity operations for many reasons, and makes it difficult for members and Associate members to connect and build relationships.

However, it is critical that our Chapters maintain practices that protect the safety and health of our Members, Associate Members and the broader campus community. All Members and Associate Members are expected to comply with the below policies for the Fall 2020 term.

While there may be opportunities to conduct in-person meetings or activities (on/off campus), please recognize that if anyone feels uncomfortable it is encouraged for all activities to be conducted virtually, or for individuals to be provided the option to participate virtually.

Please note that University policies that further limit activities take precedence over these. For example, if a campus requires all activities be virtual, then all activities must be transitioned to a virtual platform.

The following policies are subject to change. For specific questions or scenarios, contact us at nationaloffice@alphasilambda.net.

COVID-19 Fall 2020 Standard Policies

- Follow and respect all guidance from the University, local and state governments
- If anyone does not feel well, they should not attend any in-person activities (on/off campus)
- Practice social distancing at all times (on/off campus)
- All Individuals must wear face masks while indoors (on/off campus) during any Fraternity meetings, activities, programs
- All individuals must wear face masks when social distancing is not feasible outdoors (on/off campus)
